

1 ABSTRACT

2 The present invention relates to a multi-configurational
3 sports organizer capable of supporting sports equipment to
4 encompass a wide range of sports, including miscellaneous odd
5 shaped sporting items. The sports equipment organizer is
6 adapted for easy individual storage personalization. The
7 sports organizer allows access to the sporting goods from
8 every direction around its perimeter. The sports equipment
9 organizer also provides adequate ventilation to dry out
10 sweaty or wet sporting goods. The sports equipment organizer
11 also includes portable storage/carrier bags to allow a
12 collection of sporting goods to be easily removed from the
13 organizer and transported.
